

Mt. Sterling Advocate.

A WEEKLY JOURNAL, IDENTICAL IN INTEREST WITH ITS OWN PEOPLE.

VOLUME XIX

MT. STERLING, KENTUCKY, WEDNESDAY, MARCH 30, 1910.

NUMBER 38

GOVERNOR'S ACTION.

Bills Passed By the Legislature, Approved or Vetoed.

In our issue of last week we gave a review of the bills considered by the Governor up to Monday night. Of the many bills then "On Governor Wilson's Desk" we here show what disposition has been made of them:

BILLS APPROVED.

Senate bill—Conn Linn—Providing for court house and jail in Calloway county.

Senate bill—W. V. Eaton—To regulate the improvements in second class cities.

Senate bill—J. F. Bosworth—Increasing salaries of Assistant Mine Inspectors to \$1,500 per year.

Senate bill—T. A. Combs—Appropriating \$7,500 to help pay for statute of Gen. John H. Morgan at Lexington.

Senate bill—C. W. Mathers—For benefit of turnpike roads by regulating placing of telephone poles, planting of trees, etc.

Senate bill—E. T. Wyatt—Requiring that bonds of public officials shall be for a definite penal sum.

Senate bill—R. M. Salmon—To provide life saving apparatus for Inspector of Mines.

Senate bill—Conn Linn—Appropriating \$16,000 additional to encourage establishment of private sanitarium for treatment of tuberculosis.

Senate bill—C. W. Nagel—To limit the liability of members of mutual assessment fire insurance companies.

Senate bill—E. M. Taylor—Changing the time of holding circuit courts in the First Judicial District.

Senate bill—N. C. Cureton—To legalize same marriages and the issue of same.

Senate bill—H. H. Smith—Fixing a penalty for destruction of fish by guns loaded with steel balls and copper jackets.

House bill—Hugh Mahin—To protect religious worship in assemblies known as camp-meetings.

House bill—R. D. Hunter—Placing misdemeanor cases on same footing with felony cases that persons charged with minor offenses can be tried at term of court at which indictment was found.

House bill—H. T. Gartin—To increase the fees of County Jailers by attending section 1730.

Senate bill—R. L. Hubble—Au-

thorizing an appropriation of \$20,400 for improvements at the Kentucky School for the Deaf.

Senate bill—E. M. Taylor—Authorizing appropriation to pay deficit in expenses of House of Reform and to erect necessary new buildings.

Senate bill—H. D. Newcomb—Appropriating \$40,000 for State Blind Institution at Louisville for improvements and paying a deficit of \$4,000.

House bill—J. P. Chinn—Appropriating \$12,000 for Colored State Normal School.

House bill—Originated by Committee on Judiciary—To amend, re-enact Section 2463, Kentucky Statutes, entitled "Mechanics and Material Men."

House bill—J. T. Coleman—To establish interstate quarantine relative to animals and providing for co-operation of State and Federal officials to eradicate disease.

House bill—M. G. Calson—Requiring certain qualifications for mine foremen.

House bill—J. F. Richardson—Appropriating \$13,500 for water supply at Confederate Home.

House bill—Originated by Rules Committee—To authorize issuance of interest bearing warrants to pay claims against the State.

House bill—Lillard Carter—To change the time of holding Circuit Court in the 12th Judicial District.

House bill—L. B. Harrington—An act providing for the amendment of Section 500 of the Kentucky Statutes relating to the recording of contracts concerning land and the sale of land, etc.

House bill—H. T. Gartin—To amend Section 356, Kentucky Statutes, relating to fees of jailers.

House bill—W. R. Whitlow—Act relating to weights, measures and balances and providing for appointment of inspectors for weights and measures for counties.

House bill—H. L. Lewis—To regulate the time of holding Circuit Courts in the Twentieth Judicial District.

House bill—W. F. Klair—Providing for an appointment of an assistant assessor in counties having a population of 40,000 or over.

Senate bill—J. W. Holland—Act to further regulate the pooling of farm products, making it lawful for any number of persons to combine to pool their crops.

House bill—R. H. Moss—To define the crime of abortion and prescribe a penalty therefor.

House bill—S. D. Hines—Changing the time of holding courts in the Eighth Judicial District.

House bill—W. F. Klair—To amend Statutes relative to government of cities of second class.

House bill—S. M. Russell—Providing for payment of road work expenses by county treasurer.

BILLS VETOED.

Senate bill—J. R. Catlett—Authorizing pay for jurors who are summoned.

House bill—W. F. Klair—To amend chapter 52, article 1, section 1840, Kentucky Statutes, relative to the jurisdiction of Fiscal Courts in appropriating funds to keep in repair public buildings.

House bill—W. A. Price—To secure the registration of plumbers and inspectors of plumbing and drainage.

LAWS WITHOUT SIGNATURE.

Senate bill—E. Bertram—To change the time of holding courts in the Twenty-Eighth Judicial District.

Senate bill—N. B. Chipman—Permitting insurance companies to invest in the stocks of other insurance companies.

Senate bill—Mark Ryan—Authorizing certain counties to supplement the salaries of certain public officers.

Senate bill—Conn Linn—Regulating civil proceedings for libel.

Senate bill—T. A. Combs—To increase the salary of Governor's stenographer to \$1,500.

Senate bill—T. A. Combs—Authorizing formation of corporation to do a trust, banking and title insurance business in counties having a population of more than 40,000 and under 100,000.

House bill—Frank Moore—To require owners of stock living on islands of the Mississippi river in Kentucky to keep up river stock.

House bill—W. G. Keen—To increase salary of State Librarian and assistant.

House bill—J. W. Berkshire—Specifying amount of property of a person with a family exempt from garnishment.

House bill—H. J. Meyers—Providing for the election of four county commissioners, who, with the county judge, shall comprise the Fiscal Court of the counties.

House bill—S. D. Hines—Providing for separate apartments for white and colored people in houses of reform.

House bill—W. H. Southall—Providing for election of white trustees for white schools and colored trustees for colored schools.

House bill—Originated by Committee on Rules. To amend the Kentucky Statutes, making capital stock of fire insurance companies \$10 per share instead of \$100.

House bill—J. H. Evans—Providing for a change of certificates of registration with other States, allowing registered pharmacists to practice under the rules of the Kentucky Board of Pharmacy.

House bill—B. E. Niles—Providing that eight hours shall constitute a day for laborers on all public works.

House bill—D. G. McVeen—Providing for the purchase of turnpikes by Fiscal Courts, providing such purchase not to exceed \$10,000 in any one year.

UNCERTAIN.

Senate bill—G. T. Wyatt—Providing for municipal purposes in cities of the fourth class.

Senate bill—H. D. Newcomb—Providing punishment of persons responsible for the conditions that render a child dependent, neglected or delinquent.

Senate bill—L. W. Arnett—To amend the statute "concerning conveyances."

Senate bill—E. E. Hogg—To pay the interest on warrants for the charitable institutions heretofore issued, also appropriating \$25,000 for new buildings at Feeble Minded Institute, \$65,000 for Central Asylum for water supply.

House bill—F. E. Graves—Providing that proceedings instituted by the Commonwealth or any county, city or taxing district shall be begun within five years after such rights first accrued.

Senate bill—Mark Ryan—To promote and compel attendance of children in schools and to prevent truancy in cities of the first four classes.

Senate bill—N. B. Chipman—Providing for county inspectors of apiraries and to protect bees.

Senate bill—J. A. Donaldson—To amend statutes so as to allow towns to lease wharf privileges for five years.

Senate bill—C. M. Thomas—Appropriating \$3,000 annually as an expense fund for the Governor.

Senate bill—H. D. Newcomb—To amend Section 1484 of the Ken-

tucky Statutes, relating to Fiscal Courts.

Senate bill—J. T. Pritchard—To change the time of holding courts in the Thirty-second Judicial District.

Senate bill—J. Donaldson—Providing that before co-operative assessment life and casualty insurance can begin business they must show that 500 persons have applied for insurance and have applied for \$500,000 in policies.

Senate bill—Mark Ryan—Providing for an increase of from \$700 to \$1,000 for assistants to probation officers for delinquent and dependent children in cities of the first and second class.

Senate bill—Conn Linn—To amend section 13, chapter 221, Kentucky Statutes, relating to cities of justice.

Senate bill—T. A. Combs—To amend Statutes relative to issue of stock by private corporations.

Senate bill—H. D. Newcomb—Act to repeal Kentucky Statutes that the Jefferson circuit clerk will be on the same footing with other circuit clerks as to fees in criminal cases.

Senate bill—G. T. Wyatt—To amend the landlord's lien law.

Senate bill—J. C. Graham—To define what is known as "sweating" and prohibiting the introduction of evidence so obtained.

Senate bill—T. A. Combs—To amend charters of second-class cities relating to control and improvement of streets, public ways, landings, etc.

Senate bill—J. F. Bosworth—To increase the salary of Secretary of State Board of Control to \$1,800 a year and pay his traveling expenses.

Senate bill—T. A. Combs—To amend charter of second class cities in reference to levying and collecting taxes and providing for submitting to vote any additional indebtedness.

Senate bill—E. E. Hogg—To regulate the sale of farm seed and prohibiting their adulteration.

Senate bill—G. T. Wyatt—Providing for the registration of motor vehicles and uniform rules regulating use and speed of same.

House bill—P. W. Berkshire—Providing for the changing of the time for holding of courts in Davies county.

House bill—J. R. Zimmerman—To prevent placing the names of candidates put on ballot by petition under any party device.

House bill—F. J. Brown—Providing for the election of town marshals in cities of the sixth class.

House bill—E. E. Graves—To protect purchaser of land where same has been previously sold for delinquent taxes.

House bill—S. B. Johnson—To amend Section 4038, Kentucky Statutes.

House bill—H. A. Schorber—Appropriating money for State Fair buildings at Louisville.

House bill—J. T. Buford—Allowing commissioners for State Fiscal Court at Frankfort.

House bill—S. L. Robertson—Requiring taxpayers of City of Louisville to pay back taxes to relieve the financial condition of Louisville.

House bill—E. Berry—To limit the power of cities of third class relative to conveying or overgutting waterworks or lighting systems.

House bill—R. L. Harris—To amend section of Statutes relative to the regulation of Child Labor Law and compelling issuance of certificates by School Superintendents.

House bill—L. H. Francis—To amend an act preventing the manufacture and sale of adulterated food.

House bill—J. C. Pirtle—To provide for the appointment of trustees for county academies and seminaries.

House bill—A. Bradley—Amending the mechanics lien law.

House bill—H. J. Meyers—To provide the manner of holding Circuit Courts in cities of the second and third class.

House bill—R. H. Akin—Providing for

Curtain and Drapery display on second floor

Hazelrigg & Son

suspension of prosecution of reduction where defendant marries the plaintiff, also providing for the renewal of protection if husband should willfully desert wife within period of five years.

House bill—W. H. Shanks—Authorizing railroads to carry on a ferry business.

House bill—W. H. Newell—Providing for the establishment of public cisterns, etc., to supply water to other neighboring municipalities.

House bill—E. J. Cogswore—Creating a pension fund for disabled public school teachers in government cities of the first class.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Mt. Sterling women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Mt. Sterling woman's words:

Mrs. J. P. Nelson, 34 Richmond Ave., Mt. Sterling, Ky., says: "I can give Doan's Kidney Pills my highest endorsement. They have proven of great benefit to me and I believe if I had not used them, I would be in poor health today. My back nearly drove me frantic, as it ached almost constantly and I always felt tired and worn out. The least thing worried me and I also suffered from nervous headaches. Since using Doan's Kidney Pills, procured at F. C. Ducas's drug store, I feel like a different woman. I take them whenever I have the least recurrence of kidney trouble and they never fail to give me prompt relief."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

A Wise Girl.

After the wedding guests had arrived a young lady of Lexington decided to take a six months' trip to Europe which her parents offered if she would not marry. Wise girl. The man will be here when she gets back. Cynthia Democrat.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor Girard, Ala.

Lo, the Humble Horse.

An enthusiastic and loyal admirer of the horse contributes the following:

"In the midst of present extravaganzas of automobile and aeroplane riding it is refreshing to take notice, occasionally, of the horse. Witness the feat of an Illinois horse which belongs to a mail carrier. He has traveled twenty-six miles a day for the past twenty months, or a total of over 17,000 miles. It is impossible to note that in all this distance this horse did not puncture a tire, lose a holt, wear out a bearing, foul a spark plug or run out of gasoline ten miles from home. Moreover, he did not exceed a speed limit, run over a hog or skid on a corner. His chauffeur never killed his engine on a hill, nor did he have to get out after an hour or two and crank him from the front. The horse climbed every hill and pulled every mudhole, and at the end of the 17,000 miles his owner did not find that it would cost about \$100 to replace his bearing, rebuild his magneto, and take carbon out of his cylinders.

"Truly, the horse may be humble, but there is much comfort in him."

To Raise The Maine.

The House Committee on Naval Affairs favorably reported a bill appropriating \$500,000 to raise the wreck of the battleship Maine in Havana harbor.

W. L. DOUGLAS
\$3.00, \$3.50, \$4.00
& \$5.00
SHOES

Best in the World
MADE
UNION
Boys' Shoes \$2.00 and \$2.50

W. L. Douglas shoes are the lowest price, quality considered, in the world. Their excellent style, easy fitting and long wearing qualities excel those of other makes. If you have been paying high prices for your shoes, the next time you need a pair give W. L. Douglas shoes a trial. You can save money on your footwear and get shoes that are just as good in every way as those that have been costing you higher prices.

If you could visit our large factories at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better and wear longer than other makes.

LABEL SUITS AGAINST EDITORS.

The recent Legislature enacted an important law relative to libel suits against newspapers for alleged damaging articles against persons. Under the old law an editor who published a real or fancied derogatory article could be sued in any county in the State where even one copy of the paper regularly goes. Thus he was compelled to defend the suit at great cost of time and money. Many such suits are brought by lawyers whose chief aim is to get money. They know that editors will sometimes be willing to compromise for a stipulated amount rather than defend the case. We are pleased to know that such procedure is not approved by many lawyers.

We have not seen a copy of the new law. Some of its chief requirements are that the suit shall be brought in the county where the accused or injured person lives, or where the paper is published, and that the penalty shall be limited to actual damages sustained.

We quote from the Lexington Herald the following: "The writer knows that the publisher of The Herald, whose orders are strict to omit any story or article making charges that can not be substantiated or which would unnecessarily wound the feelings of any one, has been frequently made to give up good money by designing parties, who know that as a matter of business it is cheaper for him to pay them a sum than to fight the cases in court, even though he is satisfied that there is no merit in them and that they could be easily beaten. It is for the protection against such comorants that the new libel law was urged."

"Neither The Herald or any reputable paper would knowingly print a word derogatory to any man's character unless fully sustained by the facts, and when, through error of its employees, such items happen to appear, it stands ready, willing and anxious to make amends by giving the correction as prominent a place as that in which the original charge was made. When this is done it does not think it should be mulcted more than actual damages, if any, and not be made to suffer punitive damages as under the old law."

The sewerage system, the fine water plant, the cheap natural gas are conducive to an increased population of good business people.

We are pleased that the auto and not the driver of the machine was perforated by the bullet.

Mt. Sterling is growing fast. The people are alive and are working for better things.

Autos are dangerous for occupants as well as for the traveling public.

A DISTINCTION.

The Sentinel-Democrat says: "Those scathing denunciations of the Sewer Commission which appeared in the columns of the Advocate and Gazette this week were prompted by the fact that the Commission did not let the contract for the building of our sewer system to the lowest bidder. Our citizens were surprised at such a severe arraignment of some of our leading business men, yet they need not have been, as the editors of the Advocate and Gazette had denounced the majority members of the Fiscal Court for not letting the Poor House farm to the lowest bidder, and to be consistent (and these two journals are always consistent) they had to deal severely with the members of the Sewer Commission for a like offense."

We do not care to review the Poor House Contract. As the Sentinel-Democrat persisted in misrepresenting us in reference thereto, so he falsely represents us concerning the Sewer Commission. No doubt he regards this as a joke or sarcasm. The public will not so regard it.

We used no scathing denunciation or stinging rebuke toward the Commission. Our only reason for referring to his article is that his sarcasm (?) and falsifying may be corrected, and to venture the assertion that the members of the Commission will be pleased to hear suggestions and make explanations relative to their important work.

Personally we can take care of ourself in a verbal scrap; yet we see no good reason for linking the Poor House Contract and Sewer Commission together.

A ROW IN THE CAMP.

In a communication sent out from the State Capitol, Secretary of State, Dr. Ben L. Bruner, makes plain and serious charges against Governor Wilson, who used the veto axe on his bill, the State Banking Inspection bill, which passed the last Legislature.

The Governor is accused of taking advantage of the occasion to score even for past grievances, at the expense of State Bank patrons, of ignorance and incompetency. The Secretary of State, by his official relations with the Governor, may know the character and instincts of the Chief Executive, his faults, his virtues better than the great common people who, bedeviled by a campaign of misrepresentation and unkept promises, made him Governor.

Secretary of State, Dr. Ben L. Bruner, fights in the open and wears no man's collar. A Willson collar is a style that does not appeal to him.

Senator Thomas has greatly endeared himself to us. We favor his retention if he wishes the office.

Travel by airships may be safer than by auto until Uncle Sam establishes aerial rural routes.

Is Appreciated.

Mrs. Jennie Henry began her third term of school at Donaldson the 21st and has 40 pupils in attendance. This shows how much Mrs. Henry is appreciated in the district.

SEWER NOTES.

A Great Public Enterprise Should Be Encouraged.

Messrs. Samuels and Kern report that the papers covering the right of way for the sewer over the C. & O. Railway property have been received and found to be acceptable; and have been returned to be executed by the Railway Co.

Mr. Allen, the division engineer, wrote that as soon as the same were accepted by the city and returned to be executed by the C. & O. Railway Co., that the Commission were at liberty to proceed with the work.

This secures sewer service East of Sycamore, and to those West of Sycamore, except to the citizens living on Richmond Ave., extreme West Main, Elm, West High, West Clay, Holt Ave and short streets between Holt Ave. and West High. And in order to serve these certain rights of way must be obtained through private property.

Under the contract as let the property owners are held harmless from damages occasioned by the construction.

The benefits to be derived are so great and the damages, if any, so trivial to the property through which the rights of way are asked, that all interested should assist the authorities in securing these concessions at once.

To Loan.

Any sum from \$100 to \$10,000.
H. Clay McKee & Sons.

More Than Wonderful--Almost Miraculous.

Mrs. J. Q. Stephens, of near this city, aged eighty years, is fast recuperating from a stubborn attack of pneumonia. No one is more joyous and thankful than the aged life partner.

When it was known pneumonia was her trouble, that it was a serious attack, hope of recovery was at once abandoned by those who know the fatality of the old trust attacked. Her physician, Dr. W. R. Thompson, aided by the counsel of Drs. S. E. Spratt and G. N. Cox, in a determined effort against odds 99 to 100 or even more, brought to bear his full knowledge of the theory and practice of medicine, and aided by the strong will-power of his patient, who knows how to contend for life, is happy with her and loved ones that she is now able to dress herself and to receive calls of her many friends. Her attack of pneumonia was greatly provoked by heart trouble, rendering her recovery the more miraculous.

DALLAS FOR SALE--My finest varieties 25c to 35c each.

L. T. Chiles.

Hot March.

On Thursday the thermometer registered 88 degrees in Louisville. In Lexington 84 degrees, March 27. The lowest on same day in Lexington was 22 degrees in 1894. Hot weather prevailed largely over Kentucky.

Circuit Court.

Convenes in this city on April 11 with few cases to be tried.

Walsh Bros.

That Fish Hatchery.

The Government is planning to establish a fish hatchery in Kentucky. The Mt. Sterling Business Men's Club, which has helped to bring things to life, wants to secure the hatchery for this county and sent a committee to Washington. On Thursday noon train Dr. W. R. Thompson, G. L. Kirkpatrick, Robt. H. Winn and C. K. Oldham, representing the Club, accompanied by W. S. Lloyd, hied themselves away to see the powers that be. They returned Sunday morning.

We wish later to refer with pride to this Government-fostered finny tribe enterprise on the classic, perennial, sparkling waters of Slate.

A Rich Plum.

The Governorship of the Panama Canal Zone has been conferred upon M. H. Thatcher, of Kentucky. The place pays a paltry \$14,000 per year, but efforts are now on to reduce it to \$10,000 or \$12,000. Senator Bradley espoused his cause.

HOMESTEAD TOBACCO GROWER has made good every year; \$2.00 per sack of 100 pounds. The best investment you can make.
Chiles-Thompson Gro. Co.

False Report.

An official denial was issued from the office of the Chesapeake & Ohio Railway concerning the rumors sent out recently from Richmond and Cincinnati about changes in officials. This rumor mentioned the names of Messrs. Fuller, Potts, Bronson, Ellett and Whitaker as among those to be changed. This rumor also mentioned the fact that the Chesapeake & Ohio had acquired the Chicago, Cincinnati and Louisville and that this would bring about a reorganization. The entire report is without foundation whatever.

J. e of Supreme Court Dies suddenly of Apoplexy.

David Josiah Brewer, 73 years old, Associate Justice of the Supreme Court of the United States, died Monday night at 10:30 o'clock as the result of a stroke of apoplexy. Death followed within a minute or two. Mrs. Brewer was with him when the end came. The end came altogether unexpectedly.

Justice Brewer was born in Smyrna, Asia Minor, June 20, 1837, the son of the Rev. Josiah and Amelia Field Brewer.

Justice Brewer was appointed to the Supreme Court by President Benjamin Harrison, taking his seat January 6, 1890. He was brought by his parents to this country from Asia Minor in the autumn of 1855. His mother was the daughter of the Rev. David Dudley Field, and her brother, Stephen J. Field, accompanied her husband to Turkey as a missionary in 1830.

Philadelphia Unions Favor Local Option.

Declaring that the passage of a local option law would hasten the settlement of the trouble between the Philadelphia Rapid Transit Company and its employees, the Central Labor Union in its meeting at Philadelphia on Sunday adopted resolutions calling upon the members of the trades unions to agitate and vote for local option at every opportunity.

The failure of the brewery workers to join in a sympathetic strike, it is alleged, was responsible for the passage of this resolution.

Kind Reader:

Consider the sum of money you will expend in three score years for necessary food (twelve thousand dollars at least) and the months of time in selecting the most palatable.

Physicians and scientists are constantly urging and demonstrating the greater importance of refreshing sleep; this you can easily obtain with the

Rex (Inner-Tufted) Mattress

The following five claims of superiority for the Rex (inner-tufted) Mattress will be sustained:
1st. CLEANLINESS. Its smooth surface can be swept clean as easily as one can brush a table cloth.
2d. DURABILITY. Contains six times as many sustaining "tufts" as the old-fashioned mattress, and the two sheets of strong netting besides. Furthermore, the ticking or cover is not punctured full of holes. It is practically indestructible.
3d. COMFORT. Each and every square inch of its surface is equally soft and elastic--no hard spots, bumps or hollows.
4th. SANITARY. No creases, wrinkles or pits in which dirt can collect or vermin can find hiding places.
5th. ECONOMY. Costs the same as an old-fashioned mattress made from materials of equal value. An occasional sun bath, a white broom (and the laundry in case of accident), will keep the Rex (inner-tufted) Mattress in prime condition for a lifetime.

Woman's Friend

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief.

Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

TAKE CARDUI

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

AT ALL DRUG STORES

To Fight Cut Rate Stores.

A new co-operative drug trust, with a capital of \$25,000,000, has been formed to make war on the two powerful corporations which now operate chains of cut rate stores throughout the United States.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers.

Three Years in Federal Penitentiary.

At Chicago Edward Enders was sentenced to three years in the Federal penitentiary at Fort Leavenworth, and Henry Hinn to one year for violating the law governing the manufacture and sale of oleomargarine. Judge Landis also imposed fines of \$5,000 and \$2,500 against the prisoners.

Simply impossible. Big with the importance of a new discovery, a London preacher says: "Never check the flowing tide of woman's talk." We never heard of anybody who ever did.—Chicago Post.

SAVE YOUR FOWLS!

Bourbon Poultry Cure is recognized as the standard poultry remedy of the world. It is the only remedy that can be depended on with absolute certainty to cure and prevent.

Bourbon Poultry Cure
—HAS NO EQUAL—
Mr. W. W. Ralston, Hopkinsville, Ky., says: "Last year I have been using Bourbon Poultry Cure in my poultry house. It has cured my chickens of all diseases. I have never used any other remedy for Chickens and Geese."

Bourbon Poultry Cure
—HAS NO EQUAL—
Mr. P. P. Clay, Paris, Ky., says: "Last year I have been using Bourbon Poultry Cure in my poultry house. It has cured my chickens of all diseases. I have never used any other remedy for Chickens and Geese."

Corn Growers' Contest

At Mt. Sterling, Ky.

Saturday April 2, 1910

At this meeting there will be distributed free 3 bushels of Pure Bred Boone County White Seed Corn.

Ladies Especially Invited

Governor Willson's Tribulations.

A dispatch from Frankfort says: "Unable to be alone for five minutes in his office, and worried over the prospects of the State not being able to settle his debts, Gov. Willson was peevish last week, and his visitors who came on missions regarding bills were not cordially received. The Governor was tired of being pulled and hauled about, and wanted time to think, but the visitors poured in a steady stream into his office and nearly every caller wanted this or that bill signed or vetoed."

"Never mind your name. Tell me what you want," was the greeting from the Governor to one delegation which called on him. The chief executive did not have time to listen to a lot of names. He wanted them to get to the point.

"They accepted his suggestion, urging him to sign a bill making an appropriation. The Governor said:

"Why didn't you come down here before. What do you mean by coming at this late hour? You should have been here long before this helping to pass a bill that would provide money to meet the appropriation you have asked."

How can you expect the State to pay you money when it has none? If those who wanted appropriations had come to Frankfort during the session and worked to get a bond issue bill through, we might sign appropriation bills."

For weeks the Governor's office has been the Mecca for hundreds of persons.

House Fly One of the Greatest Farm Pests.

"Typhoid fever and malaria have come to be chiefly diseases that afflict the farm and the rural community," said Prof. S. Hunter, head of the department of entomology at the University of Kansas recently, continuing: "Both diseases are carried by insects, and the way to exterminate them is to do away with the insects that spread them."

"The common house fly is the carrier of typhoid fever. In the cities this pest has been largely abolished by sewer systems and other modern methods of sanitation. The farm has still to deal with the question, and the reason for the prevalence of typhoid on the farms is that the farmer has as yet taken no adequate means to stop the disease."

FLY BREEDS IN REFUSE.

"The fly breeds in refuse of all kinds. The farmer should see that his place is kept clean. He should throw barn refuse into pits or closed sheds, and in the open paddocks he should allow chickens to run continually. They eat the eggs of the fly and the young insects before they fly away. If people in small towns and on farms will keep their surroundings clean they can almost exterminate the house fly. And when that insect goes typhoid fever will cease to be a common disease."

An Interesting Decision.

The Court of Appeals confirmed the absolute right of Boards of Supervisors to make raises of property valuation for taxation according to their own judgment. The case was that of the Star Milling Company against the Board of Commissioners of the city of Nicholasville. The milling company protested against a raise in being excessive, but the court here says: "Where the party whose assessment is raised is given due notice of the time and place of the meeting, and is granted an opportunity when heard, the action of the board is final and conclusive, unless it be shown that they acted fraudulently or corruptly."

East Works at Fifty.

In the industrial world it has become accepted that a man is too old at 40, and the London county council works department decided last year not to engage men above 45. How is it in the intellectual world? Despite all the evidences of precocity, Mr. Bertrand arrives at a conclusion which gives an average of 50 for the master work of great men.—T. P.'s Weekly.

ON ANDEAN MOUNTAIN ROADS

Journey That Would Hardly Be Enjoyable for People with Nervous Troubles.

In going over one of the mountain roads on the way to the crest of the Andes the traveler has need of steady nerves. A passage in "The Andean Land" by C. S. Osborn, describes the journey:

"The road is narrow and rocky and rutty and steep, with no walls to speak of except the towering mountains that increase the danger by their false suggestion of safety, and in one place the wagon would fall 2,000 feet if it should roll off the edge of the mountain."

"The road has no graceful sweep or round, easy curves as it takes its way up the Titanic heights, but rather it zigzags like the teeth of a saw ascending in short stretches and doubling back at sharply acute angles, leaving very little room for a team and wagon to turn in when driven slowly and carefully and two abreast."

"Not imagine, if you can, the horses driven madly in a gallop, no trot; that would be slow; but in quick, short jerky jumps, such as the Mustangs like when they are under the saddle who are pressed."

"The road, high coach follows the towering horses, jerking, careening and springing like a small boat sailing into a wildly choppy sea."

You perceive that the wheels are strong, and the springs, too, and the whole rig evidently intended for chariot racing."

"The driver groans, yells, whistles shrilly, cracks his thick rawhide whip, lashes his horses and does everything he knows that will inspire fear and induce speed."

"All this you become accustomed to in a measure on your dash up the narrow road, dug into and blown out of the granite ribs of the towering mountains."

GOT RID OF LITTLE FIDO

Simple Explanation That Clears Up Mystery of Disappearance of Pet.

When one of the families in a snug little apartment building in the East end recently installed in their flat a half-grown pup, there was no sign of disapproval on the part of the other tenants. The dwellers on the three floors are all good friends, and no such trifles as a bit of barking in the silent watches of the night or a casual nip on the leg while passing through the corridor could be permitted to interfere with the prevailing cordiality. So the puppy was fostered and petted with apparent impartiality, and its owners were proud of the possession of such a popular favorite."

It is the custom on pleasant evenings for the occupants of the three floors to congregate on the front veranda in sociable discourse, while Fido would take his airing by trotting about the yard. On a recent evening the company was startled by a sudden inquiry: "Where's Fido? Could it be possible the back gate had been left open? Mr. Dash, who occupies the top floor, would be delighted to go to search the snowy outland for the lost pup. Out through the gloom of the back yard he hastened. Yes, the gate had been left open. Far up the alley he could discern the snowy outlines of the little pup. Carefully selecting a good-sized brickbat, Mr. Dash took deliberate aim, and the next minute Fido was scurrying madly up the alley and out a perfect fusillade of cobblestones. When he had vanished around a distant corner, Mr. Dash locked the gate and returned to the veranda."

"No," he declared truthfully "he is not back there and the gate is closed." And the mystery remains insoluble as to the night of Fido's strange disappearance.—Pittsburg Gazette Times

The Man of Leisure.

Such counsel, from Richard Clegg, in speaking about the proper kind of man for mayor of Boston: "But my experience, gentlemen, is that when you find a man of leisure, a real man of leisure, as a rule you will find a man who is good for nothing but leisure. It is the hard-worked man, the man already seemingly full of an growing occupation, who always manages to assume an additional load and carry it successfully. It is that sort of man who will make the best mayor of Boston. His inducements will be not the political rewards, but the ambition and hope of successfully completing his work in a great work."

True, every word: If you want a thing well done, never seek the man who has time hanging heavy on his hands, but seek rather the man who seems to be too busy to take on anything more. That is almost the inevitable experience.—Lowell Courier Citizen.

German Women in Africa.

The kindergarten has found its way to southern Africa, and is itself the sign of higher culture that is working its way into the remotest parts of the world. The German Colonial Society is affiliated with the German Colonial Women's union, and this organization is sending out women to South Africa in the present capacity of governesses, seamstresses and so on, but with the hope that ultimately they will become house-wives. The German society has announced that it will pay the way of women seeking homes in the colonies, knowing that only by way of the home is the German supremacy in that part of the world assured.

Governor Acts on Sheep Scabies, Plumbing, Etc.

Governor Willson vetoed the plumbing inspection bill. The Governor says the act gives the plumbers too much power and allows interference with other persons.

"Under this bill," the Governor says, "the board of plumbers is allowed to enter private buildings and tear out old plumbing that did not meet with their regulations, and while we cannot assume that they would, as a rule, violate private rights, it gives them the power to take out plumbing that is insufficient for its purpose and put in new. I am constitutionally opposed to interfering with other people's business or with the liberty of citizens to choose their own plumbing."

He approved the sheep scabies bill, but vetoed that section which allows the Commissioner of Agriculture \$3 a day while engaged in looking after the quarantine.

The Governor vetoed the Senate resolution which provided for the inscribing on the military monument in the cemetery in Frankfort of the "Bivouac of the Dead."

He says the poem is too long to be put on the monument as it would take up all one side. He says the cost would be about \$500 and the State cannot afford to make the expenditure now. He says this can be done later when the State has more money.

Freights Collide and Four Men Killed.

Four men are dead, one probably fatally injured and five others injured as the result of a head-on collision of two freight trains on the L. & N. railroad at White's Station, ten miles south of Richmond. The dead are:

George Devore, Richmond, fireman.

John Russell, Paris, laborer.

"Buster" Sanford, Paris, engineer.

James O'Rourke, Paris, fireman.

In addition to the two engines, the tenders, a car of flour, one of trucks, two of railroad steel, several empties and eleven eighty-ton cars of coal were heaved in a pile in a cut about 125 feet long, under which the two men were buried.

A night operator at Berea, who failed to hold one of trains, is responsible for the collision. After discovering his mistake he tried to get some farmer by telephone, in hopes of having the trains lagged.

Wreckers from each end of the road were at the scene within an hour with 200 men.

The loss is estimated from \$150,000 to \$200,000.

Democrat Wins in Massachusetts.

The National political weathercock turned Democratward in Massachusetts on Tuesday, March 22, when Old Colony section, one of the Republican strongholds of the State, placed Eugene N. Foss, of Boston, one of the leading opponents of reciprocity with Canada, in the Congressional seat. Mr. Foss turning a Republican plurality into a Democratic plurality. The vote was:

Foss, of Boston, Democrat, 14,980; William R. Buchanan, of Brockton, Republican, 9,340. It was the most overwhelming defeat that the Republicans have met in Massachusetts since Douglass was elected Governor six years ago.

The result is considered of more than State-wide importance. Foss, elected as a Democrat, is a brother of Representative George Edmund Foss, a Republican member from Illinois.

Extradition of Packers Sought.

Prosecutor Garven, of Hudson county, N. J., made application to Gov. Fort for the extradition of Louis E. Swift, of Swift & Co., and Edward Morris, of Morris & Co., who are under indictment in Hudson county on a charge of conspiracy in connection with the charge that the cold storage houses of these companies are made use of for the purpose of raising the price of meat. Gov. Fort will give a hearing before the extradition is allowed.

BIG DEAL

The H. G. Hoffman Insurance Agency Sold to Lexington Men.

On Tuesday last the H. G. Hoffman Insurance Agency of this city, was sold to representatives of the Henry Clay Fire Insurance Company of Lexington. The price paid is about \$50,000. For nearly seven years he has been building up his magnificent business. His agency will be incorporated and run in connection with the Henry Clay and he known as the H. G. Hoffman General Agency. Mr. Hoffman has been retained as manager at a reported salary of \$2,000 per year. Present arrangement is that on May 1 Mr. Hoffman and his office force here will be transferred to Lexington. Some or most of them will continue to live in Mt. Sterling. This deal surpasses in magnitude any commercial event of the town for many years.

Mr. Hoffman is a young man of great energy and capacity and has been remarkably successful. He has State Agency for 12 companies. We wish him continued success and regret the transfer of his business from our city.

See our \$15 Suits. They are wonders. Walsh Bros.

TO CIRCUIT COURT.

Nicholas County Grower Charged With Selling Pooled Tobacco.

In this city on Monday, James Reffitt, of Nicholas, had a hearing before Judge Allen McCormick, charged with selling or disposing of pooled tobacco. Probably 20 Nicholas county citizens were here as witnesses or attorneys.

The proof was conclusive that Mr. Reffitt had pooled his tobacco, that the tobacco was hauled from his barn at night and brought to this city; that the Barley Society here having been notified of these facts secured an injunction; that he acknowledged that the crop was pooled and promised to haul it back home; that he afterwards disposed of it to a local warehouse; that he returned home with empty wagon; that as he passed through Moorefield he furnished a roll of money, remarking in substance that "Old Ed" thought she had this, etc.

After the arguments by lawyers, Judge McCormick promptly decided that the case should be held till Circuit Court for review by the grand jury. Bond was executed and the witnesses were notified to appear before the grand jury.

The First Encyclopedia.
The honor of first bringing a dictionary of general knowledge into alphabetical order belongs to Ephraim Chambers, an English Quaker, whose taste for literature was acquired in a globetrotter's studio; he wrote the time belonging to his master to compose behind the shop counter the encyclopedia published in 1727—*American Review of Reviews.*

Forcing the Child.
Do not force a child unduly to practice the piano, lest it acquire a distaste for the study, which both child and parent may bitterly regret in later years, says Woman's Life. It is little short of a crime to compel any form of study in a child even though it happens to have a natural talent for a particular art.

Confusion of Poisons.
The Russians may make a mistake in putting a skull and cross-bones label on bottles of vodka. They will teach the simple peasant, who cannot read, to look for the poison label when he is thirsty, and who can tell how much carbolic acid, nitric and such deadly drugs will be taken in the guise of the other poison?

Naturalization Required.
A residence of at least five years is required to qualify an alien for naturalization. No matter how long a man may have been in the United States, two years must elapse between the date of his declaration of intention and his admittance to full citizenship.

Something in Reserve.
Nevertheless the folk who find the car steps too high are capable of some tall kicking.—*Forten Transcript.*

Lost.—On Court-day night, a 200-lb. spotted sow. Liberal reward will be paid for her return to E. R. Little.

The Jersey bull, Earl of Spencer, will make the season at my barn on Winchester pike, 1 mile from town. Service \$2 cash, with privilege of return. J. R. Gatewood.

Last year the bumper corn crop was harvested. The average yield per acre for the State was twenty-nine bushels, while for the past ten years the average has been twenty-five and nine-tenths bushels. The improved seed corn which was used more extensively last year than ever before had a great influence in causing this increase. The total yield of corn for Kentucky was 103,327,000 bushels; this at fifty cents per bushel was worth \$51,736,000, while the corn crop of 1908 was worth \$42,411,000. The tobacco crop of this State was worth, at ten cents per pound, \$35,070,000.

Farmers, Look!

Caught Again.

W. J. Rice, whose reputation as a banker at Morehead was below par is again in trouble.

About a year ago he established the Imperial Bank of Olive Hill and later located branch banks at Middleboro, Ky., and Carter, Ky. The Imperial Bank was made the depository of the other two; and it was turning down drafts from the other two banks that led to an investigation.

Upon the order of Circuit Judge Hannah, the Imperial Bank of Olive Hill, was placed in the hands of a receiver, W. T. Womack, cashier, of the Commercial Bank of Grayson, being named as receiver.

At Grayson Rice was indicted for false representation of bank to Secretary of State, for embezzlement and obtaining money under false pretenses.

PERSONAL.

A. A. Hazelrigg has returned from his trip west.

Wm. B. O'Connell, of Frankfort, was here on Monday.

Dr. S. F. Hamilton and wife on Tuesday went to Frenchburg.

M. T. McEldowney and wife, of Winchester, spent Sunday here.

Miss Julia Morris is at home from Lake Forest, Ill., for a few days.

Mrs. Henry Reid of High street spent a few days last week in Lexington.

S. H. Goodpaster and wife, of Owingsville, were in town from Sunday till Tuesday.

J. Will Clay and wife, and Mrs. G. L. Kirkpatrick arrived Monday night from Martinsville.

Miss Gladys Samuel, who has been attending school at Shelbyville, is with her parents.

Miss Emma Mathers and Mr. Joe Dalzell, of Carlisle, are visiting Miss Susie Burroughs.

Miss Mary Ray Trimble, of Wards Seminary, Nashville, Tenn., is at home for a short visit.

Mesdames Sarah Winn and Mary Lockridge returned last night from Martinsville, Ind.

Mrs. Fannie Summers, of Georgetown, came on Monday evening to visit Mrs. B. F. Herriott.

Mrs. Gamill Senff and babe, who for two weeks have been visiting her parents, returned home yesterday.

Doctress Willet Dooley, who has been visiting Mrs. Leo Ganes, returned on Monday to her home in Kansas.

Mrs. Mockabee Montjoy and two children and David Dooley and child left Monday for Colorado their future home.

The Misses Herriott will accompany Mr. Lloyd Frazer to Danville on Friday. The trip will be made in his new auto.

Joe D. Wyatt, of the Soldiers Home, Dayton, Ohio, arrived on Saturday. He is able to walk on crutches and is greeted by many friends.

Orville Cecil, son of J. B. Cecil, has accepted a position with his uncle, W. M. Cecil, in a department store at Olustee, Oklahoma, and left Sunday to begin work.

Little Misses Caroline Bourne and Martha Tharp spent from Friday till Monday at Carlisle, Moorefield and Sharpsburg, and much enjoyed their visit.

On Saturday morning Mrs. Bruton and her daughter, Mrs. John Robinson and babe, returned from a ten days' visit to Mrs. Jas. Prewitt, at Jackson. They saw the fire which on Friday night destroyed a hotel and several residences and business houses.

SOCIAL EVENTS.

Miss Mary Cobb Stofor entertained in honor of Miss Sarah Jones, of North Middletown, on Monday evening.

R. H. White, druggist, of our city, who is touring the world, or a large part thereof, while in Tokyo, Japan, dined with Miss Lavinia Oldham, who for many years has been a Missionary in that city. Many of our readers know that she is a member of the Mt. Sterling Christian church. On the next day he entertained Miss Oldham and her associates in the work.

Heavy Loss.

On the Drake farm on Thursday a barn was burned. The contents destroyed belonged to W. F. Byrd and consisted of six horses, a jack, corn, hay and farming implements.

IMPROVEMENTS.

Work on the Sutton-Strother addition progresses nicely. They have 16 nice lots on Sycamore and Winn streets.

The deep depression on the Van Antwerp lot on West High is being leveled by grading down the lots, and some nice building sites will result.

Efforts are being made to put a street between Main to High, through the land owned by James Magowan, J. L. and Leslie McCormick (the old Botts land). Jno. L. McCormick owns only one lot on High, and the proposed street would take most of it, hence he wants pay for his lot. We understand that at present the city has no money for new streets. If this plan fails, Magowan and Leslie McCormick may agree to open a street further west. This passway is much needed and we hope a satisfactory solution may be arrived at.

RELIGIOUS

Ten new members were received into the Presbyterian church on Sunday.

Rev. W. J. Bolin telegraphed that he can not fill his appointment here next Sunday at the Baptist church.

The installing of the new pastor of the Baptist church, the Rev. W. C. Taylor, will take place Sunday, April 10. Rev. Taylor will receive a hearty welcome and enter upon his work with, we trust, much enthusiasm.

On Sunday twenty-six members of the Woman's Bible Class were present. Several were detained at home by sickness. All of the class and other sisters of the congregation are requested to be present next Sunday morning, for important business.

The reception tendered Rev. and Mrs. Carey E. Morgan in the parlors of the Christian church, in Paris, Friday evening, on the eve of the departure of Rev. Morgan for a foreign tour, was attended by about 500 persons. Rev. Morgan left Monday of last week for Boston, Mass., where he delivered an address in Tremont Temple before the New England Baptist Ministers' Association upon the subject of "The Church of Christ and Christian Unity." He and his party of one hundred ministers and laymen sailed on Friday and will land at Naples. Two weeks will be spent in Egypt then they will go to the Holy Land, for a month's stay. Two weeks will be spent visiting points of historic interest in Grecian waters, where they will sail for Southern Italy. The party will visit Switzerland, Germany, France, England, Scotland and Ireland, arriving in America the middle of July.

The auditorium and gallery of the Christian church were crowded on Sunday evening to see and enjoy the Easter Flower Garden by the children of the Mission Band. Miss Julia Rodman did well her part as Queen of the Garden. The program consisted of songs, choruses and recitations in which many boys and girls took part. All the children did well, a song by Frances Samuels and a recitation by Mattie Judy Botts were especially fine. The sight was very pleasing and inspiring. The platform was elaborately decorated with ferns and beautiful spring flowers. Joy and gladness abounded. This band has been recently organized, and thus far only about 70 children have been enlisted under the efficient leadership of Mrs. W. P. Oldham and Mrs. Marcia Hoffman. Rev. H. D. Clark made a beautiful talk about children's work. At the close of the entertainment a voluntary offering of \$13.06 was taken by these young boys: Will Nelson Hoffman, John Tom Perry, Carroll Chennault and Dillard Turner. This money added to other, made by the children in various ways, brought the total to \$52.84. Prof. Cord announced that the children would by their offering of \$25 make Brother Clark a life member.

We are busy. Walsh Bros.

VAIN THING FOR SAFETY

Rural Carrier Shoots Through an Automobile.

On Wednesday while George Owings, of this city, Carrier on Rural Route 1, was on his trip he met on the Winchester pike an automobile driven by Harry King of Carlisle, accompanied by Dr. Miller, of Millersburg. Before their unexpected conference was over Owings fired a bullet through a part of the mechanism of the auto which rendered the machine useless until repaired.

Caldwell Clay, who was on the same pike in his auto, came along and towed the damaged machine to Winchester. The men returned home and on Thursday Mr. King had Owings arrested.

The trial was set for Tuesday afternoon. Case was called, examination was waived and bond of \$500 was given. Grand Jury will investigate. Court April 11. We have not heard reports from either of the parties in the mixup. The Sentinel-Democrat says:

"Mr. Owings says he motioned the driver of the auto to stop, and upon his refusal to do so, pulled his pistol and fired a bullet through the radiator of the machine, putting it out of commission."

The Carlisle Mercury says: "Mr. King and Dr. Miller claim that the shooting was all uncalculated for, as the machine was slowed up and driven to one side of the road."

Spring Eclipse Shirts are ready. Walsh Bros.

National Conversations.

If you see three men standing together on the sidewalk in any given country, you can guess the subject of their conversation. In Germany it is the army; in Russia the bureaucracy; in France, women; in the United States, business; in England, sport, and in Turkey, nothing at all—La Deraire Heure, Brussels.

Friends in Need.

What need we have any friends, if we should never have need of them? They were the most needless creatures living, should we never have use for them, and would most resemble sweet instruments being up in cases that keep their sounds to themselves—Shakespeare.

Vitality in Brain Work.

Vital as is the physical side of conserving youth, its true fountain is in our brain. If we maintain activity of its cells it quickens the circulation of the blood, the vital organs, gives light to the eyes, preserves the suppleness of the body, removes to a distance illness, age, death itself.

The Sympathy of Friendship.

It is sublime to feel and say of another, I would never meet, or speak, or write to him, we need not reinforce ourselves or send tokens of remembrance; I rely on him as on myself, if he did this or that, I know it was right—Emerson.

Commission Form of Government.

Since Gov. Willson has signed the bill allowing cities of the second class to change their forms of government to a board of commissioners, petitions will be circulated to have the change made in Covington and Newport. The voters say there has been too much playing of politics by the officials and that they want a change.

Why He Does It.

It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure, said Druggist W. S. Lloyd to one of his many customers, "that we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan."

"The Dr. Howard Co., in order to get a quick introductory sale, authorized us to sell the regular fifty cent bottle of their specific for half price, 25 cents, and although we have sold a lot of it, and guaranteed every package, there has not one been brought back unsatisfactory."

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this opportunity.

Yin in Star Atmosphere.
Observations of the spectrum of Alpha scorpi, made at the Cape of Good Hope, have shown a puzzling line that an English astronomer has attributed to tin. If this proves to be correct, it is the first discovery of tin ever made in the atmosphere of a star.

Auto Carnival Opens on Florida Beach.

The three days' automobile speed carnival at Daytona, Fla. Beach opened March 22 with the Southern championship. Twenty drivers with fast cars were entered in the different races. The weather was ideal.

Hatchkins, in a Pope-Hartford, won the first event, the Southern championship for ten miles. Time 9:27 minutes.

Oldfield, driving a Knox, won the second event, a twenty-mile free-for-all. Time 18:30, 100.

The rapidly increasing tide necessitated postponing the one mile and five mile straight-away events.

Answers Roosevelt's Call.

In response to a cablegram from former President Roosevelt, Gifford Pinchot, Chief Forester of the United States, sailed from New York and will meet Mr. Roosevelt when the latter reaches London.

The fact that Mr. Roosevelt sent for Pinchot as soon as he emerged from the African jungle and began to hear both sides of the story is considered of the greatest significance in its bearing on Mr. Roosevelt's attitude toward the present administration.

Criminal Libel.

At Butler, Pa., warrants were issued by Rev. Claudius Freeman, pastor of the Lutheran church, for the arrest of six local ministers charging them with criminal libel.

It is alleged the defendants are members of the Ministerial Association, and at a meeting in February passed a resolution charging that "a candidate for School Director shipped to Mars, Pa., the day before the election, a barrel of beer for the purpose of influencing votes." Freeman declares he was the candidate referred to in the resolution, and charges the ministers with libel.

A Cat Enthusiast.

A great enthusiast over cats is Mrs. W. James Colburn, wife of a Chicago banker. Each of the eighty odd cats in her possession is known to its mistress by name and pedigree, and each of them shows by its "meows" it recognizes its benefactor. For her prize cats Mrs. Colburn recently had built a modern seven-room house with every luxury known to architect and designer. It is fitted up with specially made brass beds, richly hung with silken draperies and lace curtains, each just big enough to hold one of the blue-blooded creatures in comfort.

George M. Ellis, aged 63, proprietor of the Columbia hotel at Cynthiana, died on March 21.

Ripped His Breeches.

Editor S. W. Hager gets after his State Senator thusly in the Owensboro Inquirer: "By refusing to vote to sustain the income tax amendment to the federal constitution, Senator Tichenor, of Davies county, has ripped his political trousers from waistband to the lower extremity of the legs. 'The interests' are against an income tax. It means that we will have to bear a just burden of the taxes needed to support the government, therefore their opposition."

Harsh physics react, weaken the bowels, cause chronic constipation, Dean's Regulat's operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

Langley Seeks to Abolish Pension Agency.

The question of whether the pension agency at Louisville should be abolished was before the House of Representatives on Thursday. Representative Langley favored the abolishment of the agencies.

BRONCHIAL TUBES

ALL STUFFED UP.

"While a resident of Washington, D. C., I suffered continually and intensely with a bronchial trouble that was simply terrible to endure. I would have spells that I could hardly breathe. I would choke up, fill up in my throat and bronchial tubes, and the doctoring that I did and the remedies used were of no benefit to me whatever. I heard about Booth's Hyomei being so beneficial in catarrhal and bronchial affections and procured an outfit. I received relief from the first by its use. I continued with it and received a cure. It is about two years since I have suffered at all from my former trouble."—Mrs. R. L. Paunton, 401 N. Augusta St., Staunton, Va., March 26, 1909.

Hyomei is guaranteed by W. S. Lloyd to cure catarrh, croup, bronchitis, coughs, colds and sore throat or money back.

A complete Hyomei (pronounced High-o-mei) outfit costs \$1.00 at druggists everywhere. This includes a hard rubber pocket inhaler and bottle of Hyomei; extra bottles Hyomei cost 50c. Free sample bottle and booklet from Booth's Hyomei Company, Buffalo, N. Y.

**MI-ONA
Cures Indigestion**
It relieves stomach misery, sour stomach, belching and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

USE HOTEL SAFES

MANY SEEM TO PREFER THEM TO DEPOSIT VAULTS.

Valuables Are Kept in These Receipts by Guests for Years at a Time—Some Notable Instances of Fact.

A woman walked up to the counter of a fashionable hotel and asked for a package of valuables which was in the safe.

"If I had not wanted one particular thing I suppose I should have left the package where it was for another three years," she said to the clerk. "Yes," said the clerk in answer to a question after the woman left, "that pocket had really been in our safe for three years. Why, we have all sorts of valuable papers, jewelry and even money that are entrusted to our keeping for years at a time. People seem to prefer a hotel safe to a safety deposit vault. One reason, perhaps, is that it costs nothing. Another is that the standard of hotel clerks has improved."

"It is astonishing the amount of jewelry that people keep in hotel safes. Of course, the owners have originally stowed in the hotel, but they go away, leaving their valuables, and I have known such persons to be gone as much as two years and never make an inquiry about their property in that time."

"To show you how much confidence people have in hotels and their employees, I might mention that the other day a man came in here and put four \$100 bills in an envelope, wrote his name on the latter and asked me to put it in the safe. Not long ago a man actually did the same thing with seven \$10,000 bills."

The clerks of several other hotels talked in a similar strain without any outside suggestion.

"If I have handled more than a million dollars' worth of jewelry to-day," said one. "Look here," and he opened the safe and piled six or eight big jewelry cases on the counter, but hurriedly put them back. "In one of those I know there is over \$200,000 worth, and what I showed you was only a few of what the safe contains."

Up at a big hotel near the park the freedom with which a wealthy foreign woman who is stopping there displays her jewels. Every evening she wears a rope of pearls that goes once around her neck and then falls to her knees, to which is attached a long net.

Everybody who has seen the jewels has exclaimed at their size and perfect matching, and wealthy patrons of the house who have sold as well as bought jewels say the necklace is worth not a cent less than \$200,000. The owner went the other day into one of the big jewelry houses and business was immediately suspended while every-body crowded about to admire the necklace.

How It Started.

Now, when Jacob had given the "savory kid soup" to Isaac, and the latter had said, "I had given to his son the much-sought-after paternal blessing, lo, Esau stuck his heel through the tent flap and did poor Isaac's head and neck in, which had scathed him of his blighted life. And after some hours, when his anger was well-nigh spent, he shot the angry sentence against him: "Why did you do it?"

Then did Isaac call him near and look into his face. Also did Isaac smack his lip and say, "I love you, my son, but oh, you kid!"

Whereupon Noah, who happened to be strolling by, easily tucked the jest into old paper and did put it into the ark, whence, with much effort and old art, it was brought forth by his son some 4,000 years later. —St. Louis Republic.

Museum in a Prison.

Paris is to have yet another museum of the revolution. It is to be fitted up in the Conciergerie prison, and the two apartments devoted to it are to be the Salle des Girondins and the cell occupied by Marie Antoinette. This cell is to be fitted and furnished exactly as it was when the unhappy queen awaited her fate in it, and a number of authentic relics are available. Among them are included the queen's velvet-seated armchair, the lamp by the light of which she wrote her last letter, and the simple black wooden crucifix which she kissed on her departure to the place of execution. A credit of 1,600 francs has been voted for the purposes of the museum by the Paris municipal council.

Queer Use for Food.

The baked potato meal is a comparatively modern institution in the London streets, the first potato cannery having made its appearance, according to Henry Mayhew, about the year 1846, says the London Chronicle. Fifteen years later, when Mayhew published his "London Labor and the London Poor," he estimated that there were 200 hot-potato vendors in London, each selling on an average 300 halfpenny potatoes a day. "In cold weather," adds Mayhew, "the potatoes are frequently bought to warm the hands. Indeed, an eminent divine classed them, in a public speech, among the best of modern improvements, as forming an excellent medium for diffusing warmth into the system by being held in the gloved hand."

WARREN TOPPAN, Lynn, Mass.

Cured of severe compound cold and cough by

Vinol

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely freed that compound cold and stopped the terrible cough—and what surprised me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years. Vinol is certainly a wonderful medicine."

Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond. The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron. Your Money Back! You Are Not Satisfied. WM. S. LLOYD, Druggist, Mt. Sterling.

Special Train to Carry Rich Folk From California.

Santa Fe officials sent a novel train from Pasadena, California, on Friday—the "billionaire special," direct from Pasadena to New York with a stopover at the Grand Canyon in Arizona.

Six private cars will be occupied by the Andrew Carnegie party; Mrs. Russell Sage; Edwin Gould and family, and other New York financiers spending the winter in California.

In addition to the private cars there will be a sleeper, for servants, an auxiliary refrigerating car and a car for automobiles.

Suits Settled By Agreement.

The cases between J. H. Haggard vs. James O'Brien, &c., and of James O'Brien, &c., vs. James H. Haggard, which grew out of the conduct of city affairs and comments thereon, have been settled. Mayor O'Brien and the Councilmen had each sued Mr. Haggard for \$10,000. A panel had been placed in the jury box when agreement was reached. A judgment of one cent and costs in each case against Haggard was agreed upon, and the case of Haggard against the Mayor and Councilmen was dismissed—Kentuckian Citizen.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by all dealers.

WANTED! WANTED! YOUR SCRAP IRON, LIVE GEESSE, HENS, ROOSTERS, TURKEYS AND EGGS, HIDES, FURS, TALLOW, BEESWAX, FEATHERS, AND GINSENG, FOR WHICH I WILL PAY THE HIGHEST CASH PRICE. E. T. REIS.

Lone Prisoner.

There is only one prisoner in our jail—like Smith, colored, who stole coal and was given six months. It may be mighty lonesome for him, especially as he can sniff the air from his cell window and tell that the fish are beginning to bite. —Harrodsburg Herald.

Fire and Tornado Insurance, Bonds.

M. J. GOODWIN, Agt. Odd Fellows Bldg., Mt. Sterling, Ky.

Finds Gold Watch.

At Maysville, Ky., William Ochsher, who feeds cattle at a distillery, broke a bottle of lux and found an elegant gold watch in the center of the bale with the word, "Willie" engraved on it.
